

ประวัตินักวิจัย (Biography)

Name : Yuttana Sudjaroen

Education :

- | | |
|------|--|
| 1999 | B.Sc. in Medical Technology (Hon.),
Faculty of Medical Technology, Mahidol University |
| 2005 | Ph.D. in Tropical Medicine (Biochemical Nutrition),
Faculty of Tropical Medicine, Mahidol University
[Thesis title: The isolation and characterization of phenolic antioxidants (potential cancer chemopreventive agents) in by-products of Tropical fruits from Thailand] |

Scholarship

- | | |
|--------------|---|
| 1999-2003 | Royal Golden Jubilee (RGJ) scholarship from
Thailand Research Fund (TRF) |
| May-Dec 2001 | DAAD 's scholarship from German Academic Exchange Service (DAAD), Germany |

Award :

The Most Attractive Poster Award : Consolation Prize, Joint International Tropical Medicine 2004, 29 Nov- 1 Dec 2004,
Bangkok, Thailand

Professional Experience :

- | | |
|--------------------|---|
| June 2008- present | Faculty member: Lecturer for Human Biochemistry, Nutrition, Immunology, Parasitology and medical sciences |
|--------------------|---|

Deputy Dean for Associated Research and Academic Service,
Faculty of Science and Technology,
Suan Sunandha Rajabhat University, Thailand

Nov 2006- May 2008	Faculty member; teaching Clinical Chemistry, Blood Bank, Hematology, Clinical Microscopy and Laboratory Instruments, Faculty of Medical Technology, Rangsit University, Thailand.
1999-2005	Ph.D. student 's work

Presentations:

Sudjaroen Y, Lertcanawanichakul M, Chunglok W. Anticancer activity of litchi seed extract against human mouth carcinoma cell line. The 20th Thaksin university annual conference: Thai society development with creative research, 16-18 September 2010, Songkla, Thailand. (poster presentation)

Sudjaroen Y, Owen R. The screening of antihypertensive and antioxidant activities of tropical fruit seeds. 58th International congress and annual meeting of society for medicinal plant and natural product research (GA), 29th August- 2nd September 2010, Berlin, Germany. (poster presentation)

Sudjaroen Y, Owen RW. Antioxidant and antihypertensive activities of methanolic extract from Longan (*Euphoria longan* L.) seeds. The 32th AMTT Conference, Ambassador Hotel Jomtein, Pattaya, 7-9 May, 2008. (poster presentation)

Sudjaroen Y. Antioxidant activities of methanol extract from skin and seeds of Litchi (*Litchi chinensis* Sonn.). oral presentation, 2nd RSU research conference, 3 April, 2008. (oral presentation)

Sudjaroen Y, Thongmee A. Antibacterial activities of methanol extract from skin and seeds of Litchi (*Litchi chinensis* Sonn.) poster presentation, 2nd RSU research conference, 3 April, 2008. (poster presentation)

- Sudjaroen Y, Hull WE, Haubner R, Wuertele G, Spiegelhalder B, Changbumrung S, Bartsch H, Owen RW. Phenolic antioxidants in longan (*Euphoria longan L.*) seeds. Joint International Tropical Medicine Meeting 2004, Bangkok, Thailand. (oral presentation)
- Sudjaroen Y, Hull WE, Haubner R, Wuertele G, Spiegelhalder B, Changbumrung S, Bartsch H, Owen RW. Structure elucidation of phenolic antioxidants from Litchi (*Litchi Chinensis Sonn.*) skin and seeds. Joint International Tropical Medicine Meeting 2004, Bangkok, Thailand. (poster presentation)
- Sudjaroen Y, Hull WE, Haubner R, Wuertele G, Owen RW, Spiegelhalder B, Changbumrung S, Bartsch H. Isolation, structure elucidation, and antioxidant potential of chemopreventive agents in by-products of Thai fruits. RGJ-Ph.D. Congress V, 23-23 April 2004, Cholburi, Bangkok, Thailand. (poster presentation)
- Sudjaroen Y, Hull WE, Haubner R, Wuertele G, Spiegelhalder B, Changbumrung S, Bartsch H, Owen RW. Potential polyphenolic chemopreventive agents in Asian foods especially Thai fruit waste products. Symposium : Natural chemopreventive agent, Joint International Tropical Medicine Meeting 2003, Bangkok, Thailand. (oral presentation)

Research technique proficiency:

Enzymatic and antioxidant assays

Bioassays (*In vitro* tests)

Chemical separation and characterization: high performance liquid chromatography (HPLC), column chromatography, mass spectrometry, atomic absorption spectrometry (AAS), etc.

Biochemical determination: carbohydrate, lipid, protein, vitamin, etc.
