

## ประวัติผู้วิจัย

ชื่อ - สกุล ดร.	ชูเกียรติ ผุดพรมราช
ตำแหน่ง	อาจารย์ประจำสาขาสถิติประยุกต์ ภาควิชาวิทยาศาสตร์ คณะวิทยาศาสตร์และเทคโนโลยี มหาวิทยาลัยราชภัฏสวนสุนันทา
การศึกษา	
พ.ศ. 2544	สำเร็จการศึกษาวิทยาศาสตร์บัณฑิต (เกียรตินิยมอันดับ 2) สาขาสถิติ มหาวิทยาลัยมหาสารคาม
พ.ศ. 2546	สำเร็จการศึกษาวิทยาศาสตรมหาบัณฑิต สาขาสถิติประยุกต์ มหาวิทยาลัยเชียงใหม่
พ.ศ. 2555	สำเร็จการศึกษาปรัชญาดุษฎีบัณฑิต สาขาสถิติ มหาวิทยาลัยเกษตรศาสตร์

## ผลงานวิจัย

### 1) ผลงานวิจัยที่ได้รับการตีพิมพ์

[1] Chookait Pudprommarat and Lily Ingsrisawang. “Statistical Modeling for Prediction of Unemployment Rate in Thailand,” Journal of Economics Chiang Mai University, Vol. 14 No 1, January – June 2010, pp. 48-64.

[2] Chookait Pudprommarat and Lily Ingsrisawang. “Efficiency of Parameter Estimation by the Weighted Least Square Method in Logistic Regression Model for Longitudinal Data with various types of Correlation Structure.” Journal of Science Ladkrabang, Vol .19 No.1, January – June 2010, pp. 13-25.

[3] Chookait Pudprommarat and Winai Bodhisuwan, “Stochastic Orders Comparisons of Negative Binomial Distribution with Negative Binomial-Lindley Distribution,” Open Journal of Statistics, Vol. 2 No.2, 2012, pp.208-212.

[4] Chookait Pudprommarat, Winai Bodhisuwan and Panlop.Zeepongsekul, "A New Mixed Negative Binomial Distribution," Journal of Applied Sciences, Vol. 12 No.17, 2012, pp.1812-1818.

[5] Nareerat Nanuwong Winai Bodhisuwan and Chookait Pudprommarat, " A New Mixture Pareto Distribution and Its Application," Thailand Statistician, Vol. 13 No.2, 2015, pp.191-207.

[6] Nareerat Nanuwong Winai Bodhisuwan and Chookait Pudprommarat, " Parameter Estimation for the Length Biased Beta-Pareto Distribution and Application," Walailak Journal of Science and Technology, Vol.13, No. 5, 2016, pp.301-305.

## **2) ผลงานวิจัยที่นำเสนอในงานประชุมวิชาการ**

[1] Chookait Pudprommarat, Panarat Plubin and Putipong Bookkamana Comparison of Corrected Prediction Abilities of Sex in Northern Thai Ulna Between The Discriminant Analysis and The Logistic Regression Analysis. The Third Symposium on Science and Technology at Thammasat University, Thailand, March 18-19, 2004.

[2] Chookait Pudprommarat, Manad Kamkong and Putipong Bookkamana. Application of Negative Modeling in Road Accidents in Thailand. Regional Conference on Ecological and Environmental Modeling at University Science Malaysia (ECOMOD 2004), Penang, Malaysia, September 15-16, 2004.

[3] Daraka Palang, Chookait Pudprommarat and Putipong Bookkamana. Statistical Model of Water Level of Mae-Ngad Somboonchon Dam. Regional Conference on Ecological and Environmental Modeling at University Science Malaysia (ECOMOD 2004), Penang, Malaysia, September 15-16, 2004.

[4] Chupensri Wongbudha, Chookait Pudprommarat, Panarat Plubin and Putipong Bookkamana. Differentiation Analysis between Age – Group of Population and Selected Occupations about Time Allocation in Diary Life of Chiang Mai People. Regional

Conference on Ecological and Environmental Modeling at University Science Malaysia (ECOMOD 2004), Penang, Malaysia, September 15-16, 2004.

[5] Chookait Pudprommarat and Chupensri Wongbudha, Knowledge, Attitudes and Practices in the Reproductive Health of Youth in the Northern Region, Thailand. The 2004 Thai National Symposium on Population Studies at Mahidol University, November 25-26, 2004.

[6] Chookait Pudprommarat, Manad Kamkong and Putipong Bookkamana. Zero – inflated Poisson Regression in Road Accidents on Main Road in The North of Thailand. The 1<sup>st</sup> IMT-GT Regional Conference on Mathematics, Statistics and Their Applications (IRCMSA 2005). Medan, Indonesia, June 13-16, 2005.

[7] Chookait Pudprommarat and Somruay Apichatibutarapong. Model of Rainfall in Thailand. The 2<sup>nd</sup> IMT-GT Regional Conference on Mathematics, Statistics and Their Applications. Penang, Malaysia, June 13-15, 2006.

[8] Chookait Pudprommarat and Winai Bodhisuwan. Zero – inflated Poisson Regression modeling using Empirical Bayes via WinBUGS from R. The 5<sup>th</sup> Kasetsart University Kamphaeng Saen Campus Conference. Nakhon Pathom, December 8-9, 2008.

[9] Chookait Pudprommarat and Winai Bodhisuwan. Semiparametric Bayesian Poisson regression modeling. The 10<sup>th</sup> National Conference on Statistics and Applied Statistics 2009, Chonburi, May 21-22, 2009.
