

Biography

- Name: Thanida Chuacharoen, Ph.D.
- Educations: 2003 Bachelor of Science in Food Technology, Chulalongkorn University, Bangkok, Thailand
- 2007 Master of Science in Packaging Technology, Kasetsart University, Bangkok, Thailand
- 2015 Doctoral program in Engineering Science, Louisiana State University, USA
- Area of Interests: Nanodelivery system, Food processing
- Current work: Lecturer and Researcher
Faculty of Science and Technology
Suan Sunandha Rajabhat University
1 U Thong Nok Rd, Dusit, Bangkok 10300
- Research outputs: Chuacharoen, T., & Sabliov, C. M. (2016a). The potential of zein nanoparticles to protect entrapped β -carotene in the presence of milk under simulated gastrointestinal (GI) conditions. *LWT-Food Science and Technology*, 72, 302-309.
- Chuacharoen, T., & Sabliov, C. M. (2016b). Stability and controlled release of lutein loaded in zein nanoparticles with and without lecithin and pluronic F127 surfactants. *Colloids and Surfaces A: Physicochemical and Engineering Aspects*, 503, 11-18.
